Why Group Benefits?

Why Group Benefits?

Government health plans can provide coverage for such basic medical expenses as hospital charges and doctors' fees. In case of disability, government plans (such as Employment Insurance, Canada/Quebec Pension Plan, Workers' Compensation Act, etc.) may provide some financial assistance.

But government plans provide only basic coverage. Medical expenses or a disability can create financial hardship for you and your family.

Private health care and disability programs supplement government plans and can provide benefits not available through any government plan, providing security for you and your family when you need it most.

Your Group Benefit Program is provided by Lerners, LLP/Embers Services Limited Partnership , in partnership with The Manufacturers Life Insurance Company.

Co-ordination of Extended Health Care and Dental Care Benefits

Co-ordination of Extended Health Care and Dental Care Benefits

If you or your dependents are covered for similar benefits under another Plan, this information will be taken into account when determining the amount of expenses payable under this Program.

This process is known as Co-ordination of Benefits. It allows for reimbursement of covered medical and dental expenses from all Plans, up to a total of 100% of the actual expense incurred.

Plan means:

- other Group Benefit Programs;
- any other arrangement of coverage for individuals in a group; and
- individual travel insurance plans.

Plan does not include school insurance or Provincial Plans.

The Claims Process

Order of Benefit Payment

Order of Benefit Payment

A variety of circumstances will affect which Plan is considered as the "Primary Carrier" (ie., responsible for making the initial payment toward the eligible expense), and which Plan is considered as the "Secondary Carrier" (ie., responsible for making the payment to cover the remaining eligible expense).

- If the other Plan does not provide for Co-ordination of Benefits, it will be considered as the Primary Carrier, and will be responsible for making the initial payment toward the eligible expense.
- If the other Plan does provide for Co-ordination of Benefits, the following rules are applied to determine which Plan is the Primary Carrier.
  - For Claims incurred by you or your Dependent Spouse:

    The Plan covering you or your Dependent Spouse as an employee/member pays benefits before the Plan covering you or your Spouse as a dependent.

    In situations where you or your Spouse have coverage as an employee/member under more than one Plan, the order of benefit payment will be determined as follows:

    - The Plan where the person is covered as an active full-time employee, then
    - The Plan where the person is covered as an active part-time employee, then
    - The Plan where the person is covered as a retiree.
  - For Claims incurred by your Dependent Child:

    The Plan covering the parent whose birthday (month/day) is earlier in the calendar year pays benefits first. If both parents have the same birthdate, the Plan covering the parent whose first name begins with the earlier letter in the alphabet pays first.

    However, if you and your Spouse are separated or divorced, the following order applies:

    - The Plan of the parent with custody of the child, then
    - The Plan of the spouse of the parent with custody of the child (i.e., if the parent with custody of the child remarries or has a common-law spouse, the new spouse's Plan will pay benefits for the Dependent Child), then
    - The Plan of the parent not having custody of the child, then
    - The Plan of the spouse of the parent not having custody of the child (i.e., if the parent without custody of the child remarries or has a common-law spouse, the new spouse's Plan will pay benefits for the Dependent Child).

- Where you and your spouse share joint custody of the child, the Plan covering the parent whose birthday (month/day) is earlier in the calendar year pays benefits first. If both parents have the same birthdate, the Plan covering the parent whose first name begins with the earlier letter in the alphabet pays first.
- A claim for accidental injury to natural teeth will be determined under Extended Health Care Plans with accidental dental coverage before it is considered under Dental Plans.
- If the order of benefit payment cannot be determined from the above, the benefits payable under each Plan will be in proportion to the amount that would have been payable if Co-ordination of Benefits did not exist.
- If the person is also covered under an individual travel insurance plan, benefits will be co-ordinated in accordance with the guidelines provided by the Canadian Life and Health Insurance Association.

Submitting a Claim for Co-ordination of Benefits

Submitting a Claim for Co-ordination of Benefits

To submit a claim when Co-ordination of Benefits applies, refer to the following guidelines:

- As per the Order of Benefit Payment section, determine which Plan is the Primary Carrier and which is the Secondary Carrier.
- Submit all necessary claim forms and original receipts to the Primary Carrier.
- Keep a photocopy of each receipt or ask the Primary Carrier to return the original receipts to you once your claim has been settled.
- Once your claim has been settled by the Primary Carrier, you will receive a statement outlining how your claim has been handled. Submit this statement along with all necessary claim forms and receipts to the Secondary Carrier for further consideration of payment, if applicable.

The following services are provided, when required as a result of a medical emergency during the first 60 days while travelling outside your province of residence.

Details on your ManuAssist benefit are provided below, as well as in your ManuAssist brochure.

Medical Emergency Assistance

A Medical Emergency is a sudden, unexpected injury which occurs or an unforeseen illness which begins while an insured person is travelling outside his province of residence and requires immediate medical attention. Such emergency no longer exists when, in the opinion of the attending physician, the insured person is stable enough to return to his province of residence.

a) **24-Hour Access**

Multilingual assistance is available 24 hours a day, seven days a week, through telephone (toll-free or call collect), telex or fax.

b) **Medical Referral**

Referral to the nearest physician, dentist, pharmacist or appropriate medical facility, and verification of insurance coverage, is provided.

c) **Claims Payment Service**

If a hospital or other provider of medical services requires a deposit or payment in full for services rendered, and the expenses exceed $200 (Canadian), payment of such expenses will be arranged and claims co-ordinated on behalf of the insured person.

Payment and co-ordination of expenses will take into account the insurance that the insured person is eligible for under a Provincial Plan and this benefit. If such payments are subsequently determined to be in excess of the amount of benefits to which the insured person is entitled, Manulife Financial shall have the right to recover the excess amount by assignment of Provincial Plan benefits and/or refund from you.

d) **Medical Care Monitoring**

Medical care and services rendered to the insured person will be monitored by medical staff who will maintain contact, as frequently as necessary, with the insured person, the attending physician, the insured person's personal physician and family.

e) **Medical Transportation**

If medically necessary, arrangements will be made to transfer an insured person to and from the nearest medical facility or to a medical facility in the insured person's province of residence. Expenses incurred for the medical transportation will be paid, as described under Medical Services and Supplies - Ambulance.

If medically necessary for a qualified medical attendant to accompany the insured person, expenses incurred for round-trip transportation will be paid.

f) **Return of Dependent Children**

If dependent children are left unattended due to the hospitalization of an insured person, arrangements will be made to return the children to their home. The extra costs over and above any allowance available under pre-paid travel arrangements will be paid.

If necessary for a qualified escort to accompany the dependent children, expenses incurred for round-trip transportation will be paid.

g) **Trip Interruption/Delay**

If a trip is interrupted or delayed due to an illness or injury of an insured person, one-way economy transportation will be arranged to enable each insured person and a Travelling Companion (if applicable) to rejoin the trip or return home. Expenses incurred, over and above any allowance available under pre-paid travel arrangements will be paid.

A Travelling Companion is any one person travelling with the insured person, and whose fare for transportation and accommodation was pre-paid at the same time as the insured person's fare.

If the insured person chooses to rejoin the trip, further expenses incurred which are related directly or indirectly to the same illness or injury, will not be paid.

h) **After Hospital Convalescence**
